

CodeMeter Manifesto

PERFECTION IN PROTECTION, LICENSING AND SECURITY

Interoperability

- One technology for protection, licensing, and security
- One family of license containers where hardware, software, server, and cloud vessels fully interact
- One framework for multiple platforms that supports PC, cloud, mobile, embedded, PLC, and microcontroller-based systems
- One infrastructure for license creation, delivery, and management
- One system for license monitoring by software publishers and end users

Comprehensiveness

- One hardware concept for all our USB sticks, memory cards, and ASICs
- One solution for many platforms, programming languages, and processors
- One comprehensive API for license and encryption operations
- Connectors to all your CRM, ERP, and e-commerce solutions
- One source for all possible license models
- Executing code in secure environments (hardware and cloud)

Simplicity

- Easy integration in many applications with CodeMeter Protection Suite
- Simple kickstart for Licensing-as-a-Service with our Wibu-Systems Operating Services Team
- Transparent customization of the license portal for the user

Robustness

- One answer to piracy, reverse engineering, tampering, and cyber-attacks
- One strong encryption technology that relies on well-established international standards (AES 256, ECC 256, RSA 4096) and X.509 certificates
- Winner of the 2014 German IT Security Prize, the 2017 CODiE Award for the Best Content Rights and Entitlement Solution, the 2019 iF Design Award for CmStick/B, the 2022 German Innovation Award for AxProtector JavaScript, and the 2023 TOP 100 Innovator Award.
- Strongest security that no hacking contest could break

Uniqueness

- One dongle for standalone, network, and time-based scenarios
- One dongle for multiple vendors handled independently
- One secure clock for all license containers (hardware, software, server, and cloud)
- SmartBind: Secure and dynamic binding of licenses to PCs, embedded devices, cloud and virtual environments

Continuity

- Wibu-Systems: One patented technology 'Made in Germany' for the global community
- Wibu-Systems: International center of excellence
- Wibu-Systems: Certified compliance with ISO 9001:2015 and ISO 27001:2013 standards
- Wibu-Systems: Legacy support and security updates from 1989 to today
- Wibu-Systems: One of the top 3 software protection vendors in the world
